Cost to Attend

- The cost to attend the online RN-to-BSN degree track is \$325/credit hour
- Kettering Health Network employees approved for Education Assistance through KHN (Edcor), will receive an additional \$75 discount per credit hour

Degree Information

The online RN-to-BSN degree track is fully accredited and designed for registered nurses who have an associate degree or its equivalent in nursing. The degree can be completed within 1-3 years depending on a student choosing a full-time or part-time pace of study.

Classes begin every winter, summer, and fall and are delivered in manageable 7-week sessions. These short intensive sessions allow students to focus on one topic area at a time for better success.

The degree consists of 48 semester credits (16 courses). A minimum of 30 credits must be taken from Kettering College. It is the equivalent of the junior and senior years of a four-year baccalaureate degree.

All coursework must be completed within five (5) years of first enrollment in the degree.
