

Salary Scales

Policy Number: HR 160

Responsibility:

The salary scale is authorized by the Kettering College Board of Directors on recommendation of the President of the College. The Dean for Academic Affairs of the College and the Department of Human Resources of the Kettering Health Network periodically review the salary scale to maintain market comparability, and make recommendations to the College President for changes whenever they deem appropriate. The scale distinguishes between ranks and is based on the standard two semester academic year, although contracts may be extended when faculty teach for more than two semesters.
